## SUMMARY

---

CSE student interested in software development, web development, AI, and problem-solving. Passionate about building efficient solutions and developing strong technical foundations.

## WORK EXPERIENCE

---

*Fresher — No work experience yet.*

## PROJECTS

---

### Cryptocurrency Tracker (React)

A responsive crypto tracker using React. It shows live market data through public APIs and taught me the basics of working with real-time information.

### Personal Portfolio Website

Designed and developed a personal portfolio website to showcase projects, skills, and achievements. Focused on responsive design and clean UI for a professional presentation.

### To-Do List Web App

Built a simple to-do list web application to manage daily tasks. Implemented features like adding, editing, and deleting tasks, which strengthened my understanding of frontend state management.

## EDUCATION

---

2022 – Present    B.Tech (CSE), **Mallareddy College of Engineering and Technology (MRCET)**  
CGPA: 7.89

## SKILLS

---

Programming Languages	Java, Python, JavaScript, SQL
Web Development	HTML, CSS, JavaScript, React
Backend	Node.js, Express
Databases	MySQL, PostgreSQL
Tools	Git, GitHub, VS Code

## ACHIEVEMENTS

---

- Secured 2nd place in college hackathon by presenting "Cyber Shield" — an email fraud detection system.
- Participated in hackathons and developed innovative web applications.
- Completed online certifications in Web Development and AI.
